Subject: Peterson Ranch and Soquel Mitigation Banks

Hi Shannon,

While I'm on leave Sarvy will be EPA's POC for these mitigation banks. Due to staff limitations this spring and summer, Sarvy will not have capacity to participate in meetings or review draft documents. Below is the list of outstanding actions I have for these banks. Please let me know if I'm missing anything.

Soquel- Caltrans Amendment

Peterson- Caltrans Amendment, Spine Flower Amendment

EPA does not need to review the Caltrans amendments further and will sign them when they are ready. For the Spine Flower Amendment, EPA will defer to the rest of the IRT regarding how this PRM project should be incorporated into the BEI.

Please let me know if you'd like to talk before I go on leave. I'm expecting to be out May 7 – Sept 7.

Thanks,
Melissa
